Dear Sir, Yes I'm very concerned and worried about my job now. Since when does one man (Not even the President) the Secretary of Defense get such Power to change a whole system of work ethics without due process of Congress, Legislation, Judicial Proper Procedures? This is Wrong and Unjust. This Bush Administration "Fear Factor" that they are Lumin. over everyone head is ridiculous. I'm a Oregon Army National Guardsman and I would lose my job to a civilian

Sincerely,

SFC
ORARNG

Matthew F. Sherman

P.S. I did go to the afge website and in send the note in to my state Reps.

"Contractor who would not have the same
Pride in ownership" that my fellow Soldiers
and I do in our work place. I work
at Army Aviation Support Facility #1
Salem, OR. 97302

It is a Med Vac unit (AA) helicopters UH-60L.
We have saved lives by our good work
ethics and comerradiry here. If this
DoD garbage takes place, then the
A/c maint. will faulter and there will
be the possibility of an accident
due to a contractor only care'n about
a pay ck. and fighting or kissing Ass
to get a raise or share. This is
"NOT Acceptable" here. We are all
Professionals and have many years
of experiance and a sound maint-
enance program. To take this away?
is Insane. What is that man think'n?
